

It is with great pleasure that I express our sincere gratitude to New-Belle Construction Inc.

After our business was displaced by a devastating fire near the end of 2012, it was necessary for us to select a builder to assist us with the design and construction of our new facility. During our General Contractor selection process, it was easy to see that Jim Kelly and his Design Team were the right choice for our project. Their personal attention to detail and ability to make sound suggestions, during the design phase, are just a few reasons that aided in our decision. This company's professional performance and timely delivery exceeded our expectations.

Therefore, I have no hesitation in recommending New-Belle Construction, Inc. for all of your Commercial Construction needs.
